Title: BONE AGE ASSESSMENT USING ULTRASOUND AUG 12 2002

OFFICE OF PETITIONS

**DECLARATION IN SUPPORT OF PETITION UNDER 37 C.F.R. §§1.10 and 1.182**

I, William H. Dippert, hereby declare and say:

1. That, I am an attorney of record in the above application and am admitted to practice before the U.S. Patent and Trademark Office, Registration No. 26,723.

2. That, on October 25, 2001, as an attorney of record, I filed the above-identified patent application with the U.S. Patent and Trademark Office (“USPTO”). The application papers included the following:

- (1) A return postcard having an indicated mailing date of October 25, 2001;
- (2) A four page transmittal form listing the contents of the application papers;
- (3) An Express Mail Certificate certifying the deposit date of October 25, 2001;
- (4) Thirty-one pages of Specification including claims and an Abstract;
- (5) Four sheets of drawing sheets;

**BEST AVAILABLE COPY**

- (6) A Declaration (three pages);
- (7) An Assignment; and
- (8) An Information Disclosure Statement (with reference copies).

A copy of a carbon copy of item (1) is enclosed. (A stamped postcard receipt was never received.) Also enclosed are copies of items (2) to (8) with the exception that item (8) doesn't have the reference copies, which will be re-submitted later.

3. It is my practice when filing any document with the USPTO to personally count the pages being submitted prior to insertion into an envelope addressed to the USPTO, to confirm that all pages are present and, especially, to confirm that the number of pages of the submission conforms to the pages indicated on the transmittal form. Here, the transmittal form indicates that thirty-one pages of Specification and four sheets of drawings were enclosed. Thus, I personally counted the pages of the above application to confirm that all these pages were present.

4. It is also my practice to have a copy in my application file of the papers submitted to the USPTO. On October 25, 2001 I placed a copy of the application papers submitted to the USPTO in my file of the above application.

5. Further enclosed is a copy of the Express Mail receipt reflecting acceptance of the application papers by the U.S. Post Office on October 25, 2001.
